Including Special Section

Sedimentological and ecohydrological processes of Asian deltas: The Yangtze and the Mekong

Zhongyuan Chen, Masataka Watanabe and Eric Wolanski
(Guest Editors)
Sedimentological and ecohydrological processes of Asian deltas: The Yangtze and the Mekong
Zhongyuan Chen, Masatake Watanabe and Eric Wolanski (Guest Editors)

Z. Chen, M. Watanabe, E. Wolanski Sedimentological and ecohydrological processes
of Asian deltas: The Yangtze and the Mekong........................................1

M. Li, K. Xu, M. Watanabe, Z. Chen Long-term variations in dissolved silicate, nitrogen,
and phosphorus flux from the Yangtze River into the East China Sea and impacts
on estuarine ecosystem.................................................................3

Y. Wu, J. Zhang, S. M. Liu, Z. F. Zhang, Q. Z. Yao, G. H. Hong, L. Cooper Sources
and distribution of carbon within the Yangtze River system..................13

M. K. Koshikawa, T. Takamatsu, J. Takada, M. Zhu, B. Xu, Z. Chen, S. Murakami, K. Xu,
M. Watanabe Distributions of dissolved and particulate elements in the Yangtze estuary in
1997–2002: Background data before the closure of the Three Gorges Dam...26

T. Wei, Z. Chen, L. Duan, J. Gu, Y. Saito, W. Zhang, Y. Wang, Y. Kanai Sedimentation rates
in relation to sedimentary processes of the Yangtze Estuary, China.........37

J. Zhou, Y. Wu, Q. Kang, J. Zhang Spatial variations of carbon, nitrogen, phosphorus
and sulfur in the salt marsh sediments of the Yangtze Estuary in China....47

Z. Wang, L. Li, D. Chen, K. Xu, T. Wei, J. Gao, Y. Zhao, Z. Chen, W. Masabate Plume front
and suspended sediment dispersal off the Yangtze (Changjiang) River mouth, China during
non-flood season.................................................................60

Effect of the water-soluble fraction of diesel oil on bacterial and primary production
and the trophic transfer to mesozooplankton through a microbial food web in Yangtze estuary, China...68

M. Watanabe Simulation of temperature, salinity and suspended matter distributions induced
by the discharge into the East China Sea during the 1998 flood of the Yangtze River....81

P. M. Thu, J. Populus Status and changes of mangrove forest in Mekong Delta: Case study
in Tra Vinh, Vietnam.................................................................98

T. V. H. Le, H. N. Nguyen, E. Wolanski, T. C. Tran, S. Haruyama The combined impact
on the flooding in Vietnam’s Mekong River delta of local man-made structures, sea level
rise, and dams upstream in the river catchment................................110

Research Papers

J. K. Sheppard, I. R. Lawler, H. Marsh Seagrass as pasture for seacows: Landscape-level
dugong habitat evaluation.........................................................117

C. Labrune, A. Grémare, J.-M. Amouroux, R. Sardá, J. Gil, S. Taboada Assessment
of soft-bottom polychaete assemblages in the Gulf of Lions (NW Mediterranean) based
on a mesoscale survey..............................................................133

P. Monterroso, P. Pato, M. E. Pereira, G. E. Millward, C. Vale, A. Duarte Metal-contaminated sediments in a
semi-closed basin: Implications for recovery..................................148
