BURLINGTON, MASSACHUSETTS
CONTENTS

Foreword 5
Introduction 9
Acknowledgments and Museum Abbreviations 10
Natural History of the Terebras 12
  Shell Morphology 12
  Functional Morphology, Feeding and Reproduction 14
  Habitats 18
  Fossil Terebridae 18
  Predation 20
  Collecting and Cleaning 20
Study Methods and Explanation of Text 21
Systematics of the Terebridae 22
  Outline of Classification 22
  Higher Category Names Previously Proposed 25
  Species Excluded from the Terebridae 27
The Genus Terebra 33
  Indo-Pacific (species 1 to 136) 33
  Eastern Pacific and Atlantic (species 137 to 205) 124
The Genus Hastula (subgenus Hastula) 172
  Indo-Pacific (species 206 to 220) 172
  Eastern Pacific and Atlantic (species 221 to 225) 184
The Genus Hastula (subgenus Impages) 187
  Indo-Pacific (species 226 to 232) 187
  Eastern Pacific and Atlantic (species 233 to 236) 191
The Genus Duplicaria (species 237 to 252) 196
The Genus Terenolla (species 263) 214
Recently Described Species of Terebra (species 264 to 268) 214
Glossary 219
Bibliography 221
Index-Guide to Names 229
