STATUS AND PROBLEMS OF SCIENCE IN LATIN AMERICA AND THE CARIBBEAN

EDITORS: M.L. GUARDIOLA
J.L. VILLAVECES
G. VIOLINI

CONTENTS

I- INTRODUCTION

Some Thoughts about Third World Policies on Science and Technology

M.L. Guardiola, J.L. Villaveces, and G. Violini

3

II- WELCOME ADDRESSES

M.H.A. Hassan

Executive Secretary, Third World Academy of Sciences

13

L.E. Mora Osejo

President, Colombian Academy of Sciences

16

G. Violini

Executive Director, International Center of Physics

20

F. Gaviria Botero

Vice-Minister of Education of Colombia

24

J.E. Ruiz

Cultural Advisor to the President of Colombia

28

III- REPORTS ON SCIENCES

Limiting Factors for the Development of Science in Latin America <i>L.A. Romo S.</i>	33
Latin American Agriculture: Some Problems and Alternative Solutions <i>J. Dobereiner</i>	42
Biomedical Research in Latin America: Old and New Challenges <i>A.Martinez-Palomo</i>	51
Current State of Botany in Latin America <i>E. Forero</i>	60
Chemical Sciences in Latin America and the Caribbean <i>L.A. Romo S.</i>	75
Problems and Perspectives of Chemistry in Mexico. A Model of the Situation in Latin America? <i>E. Juaristi</i>	86
Earth Sciences <i>A.A. Giesecke M.</i>	93
Economics in Latin America. An Approach to two Decades <i>S. Kalmanowitz</i>	102
Challenges and Possibilities of Collaboration in Science Teaching <i>J. Barojas</i>	111
Physics Education Notebook (<i>Ed. W.C. Kelly</i>)	121
Engineering in Colombia: Its Development in the XX Century <i>C. S. Ospina</i>	157
History in Latin America: An Overview <i>J.O. Melo</i>	162
Social Studies on Science and Technology in Latin America <i>E. Quevedo V.</i>	167

Status and Problems of Physics in Latin America <i>G. Violini</i>	209
--	-----

Present Status and Problems of Sociology in Latin America and the Caribbean <i>O. Fals-Borda</i>	222
--	-----

Space and Astronomical Sciences in Latin America and the Caribbean <i>J. Sahade</i>	225
---	-----

IV- REPORTS ON COUNTRIES

Basic and Technological Research in Argentina <i>O. Moretto</i>	247
--	-----

Science in Bolivia <i>L.F. Hartmann</i>	260
--	-----

An Overview on the State of Science and Technology in Chile <i>R. Espejo</i>	274
---	-----

Scientific and Technological Development in Chile <i>L. Vargas Fernandez</i>	281
---	-----

Science in Colombia <i>P.J. Amaya Pulido</i>	287
---	-----

The Case of Costa Rica <i>E. Sibaja Arias</i>	299
--	-----

The Development of Scientific-Technical Activity in Cuba <i>S.J. Pastrana</i>	309
--	-----

National System of Science and Technology of Ecuador <i>L.A. Romo Saltos, A. Recalde Cevallos, and C. Aguirre Alonso</i>	318
---	-----

Present Situation of Science and Technology in Guatemala <i>M.A. Canga Arguelles</i>	333
---	-----

Scientific Research and Development in Jamaica <i>G. V. Taylor</i>	348
---	-----

State and Trends of Science in Mexico
F. del Rio 382

The Current Status of Science in Puerto Rico
J. A. Bonnet Jr. 388

Science and Technology in Suriname
E. Monsels 395

Uruguay's Program for the Development of Basic Sciences
R. Caldeyro 400

The State and Problems of Science in Venezuela
V. Sardi Socorro 406

Some Data on Science in Venezuela
G. Rivas Mijares 415

V- REPORTS ON INSTITUTIONS

The National Academy of Exact, Physical and Natural
 Sciences of Argentina
O. Moretto 421

The Colombian Academy of Exact, Physical and Natural
 Sciences
L.E. Mora Osejo 427

The International Center of Physics
A. Pantoja, E. Posada, and G. Violini 438

The Role of the Venezuela Science and Technology
 Research Council
T. Arends 456

Report of the Cuban Academy of Sciences
C. Gomez 462

A Four -Year Experience of a Private Scientific Research
 Institution in Chile: the CECS
R. Espejo 475

VI- REPORTS ON INTERNATIONAL COOPERATION

Contribution of the Latin American Academy of Science (ACAL) to Regional Scientific Cooperation <i>R. Villegas</i>	485
Science and Technology Cooperation in the Andean Countries: The Role of the Junta del Acuerdo de Cartagena <i>C. Aguirre</i>	488
Science and UNESCO in Latin America and the Caribbean <i>G. Trapp</i>	510
Proposed Organization and Immediate Actions of the Latin American Section of the Third World Network of Scientific Organizations <i>A. Peña</i>	517

VII- DOCUMENTS

Latin American Federation of Academies of Sciences	523
Women in Science in Latin America and the Caribbean	531
Recommendations	534
Declaration of Bogota	540
