IN MEMORIAM. JORGE LEÓN ARGUEDAS 1-8

FORUM

The invalidity of the Impact Factor as indicator of the impact of Latin American scientific journals. [In Spanish with English abstract]

Julián Monge-Nájera 9-13

AQUATIC INVERTEBRATES

On *Limnocytherina axalapasco*, a new freshwater ostracod (Podocopida: Limnocytheridae) from Mexican crater lakes

Sergio Cohuo-Durán, Liseth Pérez & Ivana Karanovic 15-32

Distribution and additive partitioning of diversity in freshwater mollusk communities in Southern Brazilian streams

Alcemar R. Martello, Luiz U. Hepp & Carla B. Kotzian 33-44

Growth parameters and density variation of a queen conch, *Strombus gigas* (Neotaenioglossa: Strombidae), population from Xel-Ha park, a marine protected area

Erick Baqueiro Cárdenas & Dalila Aldana Aranda 45-57

Seasonal variation in body size and diet of the sea star *Astropecten marginatus* (Paxillosiina, Astropectinidae) off coast of Paraná, Southern Brazil

Pablo D. B. Guilherme & Leonardo C. Rosa 59-68

Intertidal benthic macrofauna of rare rocky fragments in the Amazon region

Gisele Cavalcante Morais & James Tony Lee 69-86

TERRESTRIAL INVERTEBRATES

On the ecology of the cursorial spider *Odo bruchi* (Araneae: Zoridae) in a grassland natural reserve from central Argentina

Gabriel Pompozi, Sofia Copperi, Leonela Schwerdt & Nelson Ferretti 87-93

Ontogenia de los esporangios, formación y citoquímica de esporas en licopodios (Lycopodiaceae) colombianos

Edgar Javier Rincón Baron, Cristina Hilda Roller, Fernando Alzate Guarín & Jacinta Mireya Dorado Gálvez
